### Mechanics Review:

1. It is not part of the SDCFOA mechanics that flank officials “punch backwards” on backward passes.
2. That the current mechanics on pass plays be utilized by flank officials, i.e. they do not stay on the line of scrimmage until the ball is thrown.
3. That the Head Linesman, at the end of a play, does not turn his head to look at the forward stake, i.e. he/she gets help from the Line Judge.
4. That the approved sun glasses be the only ones that are worn.
5. That the head Linesman and the chain crew set the chains, attach the clip, and then move the chains away from the sideline.
6. That flank officials help wide receivers line up correctly.
7. That umpires must insure that the correct and legal numbers are worn by offensive players on the line of scrimmage.
8. That coaches be kept off the field.
9. That flank officials help on blocks below the waist by the nearside tackle.

### NEW:

1. That a point of emphasis be added to the responsibilities of the Back Judge as follows: “blocks below the waist.”

2. That on kickoffs on a five man crew that the Back Judge (Umpire on a four man crew) be in ready position before signaling ready to the Referee.
3. That on four man crews on anticipated short free kicks, that the Umpire stay with the ball and that the Line Judge remain on K's restraining line on his/her sideline.
4. That on five man crews only the Referee and the Umpire meet with the captains at the center of the field and that the Head Linesman, Line Judge and Back Judge escort the captains only to the hash marks on their side of the field and that the Referee no longer introduce the other officials to the captains.
5. That on all games, there will be no second half "Coin Toss" with the captains. The flanks will get the head coach's decision on "Which goal they want to defend" as the flanks give their courtesy warning for the end of halftime.
6. That the black pullover SDCFOA embroidered wind breaker be approved as part of the uniform with the restriction that all members of a crew wear either the pullover or the jacket and that all members of a crew wear the same type of garment.
