

San Diego Blood Bank

make a difference *in life.*

November 28, 2007

Sean Ciemiewicz
San Diego County Football Officials
14219 Bernabo Ct.
San Diego, CA 92129

Dear Sean:

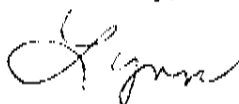

We can't thank you enough for your generous support to the San Diego Chargers Blood Drive XXIX. Enclosed is a snapshot of the Chargers scoreboard at a recent home game thanking you for your wonderful contributions to the success of this year's event.

The total number of blood donations made at this event was 1,944 pints, with 150 people registering on the National Marrow Donor Program® Registry.

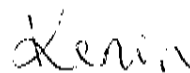

At this very moment, the blood donations received during the Chargers Blood Drive are being used right here in Southern California. Without this important event, our blood supply would be at dangerously low levels.

Thanks again for your help in making this project so worthwhile. We look forward to working with you once again during Blood Drive XXX!

Sincerely,

Lynn Stedd
